### Additional Expenses

Please note that the additional expenses (purple shaded areas) are not charged by the University, and will vary from student to student. Students completing clinical experiences out of the State of Kansas may incur additional travel and housing expenses based on location.

It is imperative that students understand that they will be responsible for all expenses associated with travel, housing, meals, etc., for the entire clinical year. Federal aid recipients may use their financial aid to cover any expenses, associated with travel, transportation, living, as well as other miscellaneous expenses encountered during clinical rotations. The K-State PA program will not be responsible for expenses incurred by the student during clinical rotations. Please be sure to include this in your budget plans as you start the program! Rotations may be scheduled at any qualified location with an available clinical site.

Students who choose to live in a K-State residence hall will be charged accordingly. Visit [Student Guide to Help and Resources: One Stop Shop](#) to learn more about on-campus, and off-campus housing options.

### Kansas State University Refund Policy

The following table applies to students who drop one or more courses or completely withdraw from a term. Refunds are calculated by counting calendar days, including Saturdays, Sundays, and holidays. Percentages and days are illustrated for full-term/regular session courses. Refunds for courses of less than a full term (non-standard session courses), including all summer courses, will be pro-rated based on the number of days in the course.

Refer to the [Non-Standard Drop/Refund Dates table](#) for non-standard session course deadlines {Go to the Term> Course Schedule Information> Drop Deadline Dates}. Each course will be refunded separately from any other courses. If any refund deadline falls on a weekend or university holiday, the deadline will be extended to the next business day.

On-Campus Refund Periods	
Time of Withdrawal	Refund Percentage*
Through 21st calendar day	100%
22nd through 28th calendar day	50%
After 28th calendar day	no refund

Refunds will not be made until sufficient time has elapsed to ensure that fee payment checks have been honored by the bank, usually 15 days after the student pays. Refunds generated entirely from dropped courses will not be

issued during the first 20 days of class. Students who completely withdraw from a term lose access to all campus student services as of the date of withdrawal. Academic action taken after the last day of a term will not result in a refund.

Federal regulations may require students attending the university who receive federal forms of financial assistance under Title IV, and completely withdraw from the university, to be subject to a "return of Title IV aid" calculation which is different from the above refund percentages. Contact the office of [Student Financial Assistance](#) for details.

### **Military**

Students who must report for active U.S. military duty during an academic term are entitled to receive a full refund of tuition and fees. All refunds are subject to the presentation of official military documentation. Students who volunteer for military service will be subject to the University's non-military refund policy. Room and board charges will be prorated to the extent that services have been provided.

### **Global Campus (Continuing Education)**

Some professional degree programs may have special refund policies that will be published in the program announcement. For Non-Credit Programs, refund policies will be stated in the published announcement. A full refund will be made if the program is canceled.

### **Overpayment**

Any refund that is a result of an overpayment by non-certified funds (personal check, etc.), will be held for 15 business days before the refund is processed. Refunds that are a result of dropped classes will not be processed until after the 20th day of classes.

### **Student Health Insurance Plan**

Student Health insurance is required of all K-State PA students. The university offers an optional [Group Health Insurance Plan](#) for students. The plan offers group rates and encourages the use of the campus Lafene Health Center. Brochures explaining the policy are mailed to pre-enrolled students over the summer and are also available

at the student health insurance office in the ground floor of the Union and at Lafene Health Center. Contact (785) 532-6546.

### **Financial Aid**

Cost of attendance amounts were developed to establish maximum financial aid allowances for typical students. Students are highly encouraged to establish a budget, reduce expenditures, and borrow via student loans in incremental amounts to help limit their educational debt. A variety of financial aid is available to K-State graduate students. For additional questions please contact K-State's Office of Student Financial Assistance at (785) 532-6420 or [finaid@k-state.edu](mailto:finaid@k-state.edu) or visit <https://www.k-state.edu/sfa/>.

Loans are available to U.S. citizens or permanent residents who have successfully applied for financial assistance using the Free Application for Federal Student Aid (FAFSA) <https://www.k-state.edu/sfa/apply/fafsa/>. FAFSA should be completed well in advance of each academic year for which you are seeking financial assistance.
