

FAMILY AND CONSUMER SCIENCES EDUCATION

DEPARTMENT OF APPLIED HUMAN SCIENCES

KANSAS STATE UNIVERSITY
College of Health and Human Sciences

OUR PROGRAM

Family and consumer sciences is a people centered profession. Family and consumer sciences educators teach life literacy, problem-solving skills and career pathway strategies needed to be a responsible and productive individuals, family members, and employees.

The family and consumer sciences education program is a partnership between the College of Health and Human Sciences and the College of Education. This program is for students who plan to teach family and consumer sciences at the secondary level. Students in this program enroll in the Bachelor of Science in integrative human sciences major in the College of Health and Human Sciences. They work with their advisor to complete the requirements for admission into the teacher education program at Kansas State University, and the coursework needed to become a licensed teacher in the State of Kansas.

PROGRAM HIGHLIGHTS

Strong demand for family and consumer sciences teachers in middle and senior high schools • 100% job placement (2020-2021) • Professional development experiences within public schools • Internationally recognized faculty who are dedicated and committed to providing high-quality undergraduate education • Undergraduate research opportunities • Dedicated student organization • Graduate as a licensed-eligible teacher in the State of Kansas
