

PRE-DENTISTRY

COLLEGE OF HEALTH AND HUMAN SCIENCES

PRE-HEALTH AT K-STATE

At K-State, we do not have “pre-health” majors. Students interested in a health career will select one of the 250 majors offered at K-State and then declare their pre-health designation. As a pre-health student, you are paired with both an academic advisor, who makes sure you are completing classes to earn your degree, and a dedicated health professions advisor, who makes sure you are meeting the requirements of your professional school as well as helping you through the application process.

One of the great things about K-State not having a “pre-health” major is that students are able to select a major that is of both interest to them but will also provide them a great educational base to build on once they enter their professional school. While dental schools have no preferred major required for admission, there are majors whose coursework aligns best to fulfill the prerequisites required for admission to dental school.

Common majors: nutritional sciences, integrative physiology, kinesiology

Personalized health
career advising

Hands-on career
preparation

Dedicated student
organizations

Above average
placement

PRE-HEALTH ADVISING

Pre-Health students have at least two advisors, an academic advisor; sometimes called a major advisor, and a pre-professional advisor; sometimes called a health professions advisor.

Major advisors help students understand what they must do to complete the requirements of their major (degree). Health professions advisors help students understand what they must do to become competitive applicants to health professional schools and programs.

WHERE DO OUR STUDENTS GO?

CREIGHTON UNIVERSITY
UNIVERSITY OF MISSOURI
UNIVERSITY OF MISSOURI- KANSAS CITY
UNIVERSITY OF NEBRASKA

START YOUR APPLICATION PROCESS NOW

Pre-Health students begin their application to professional school the first day they step onto their college campus. Becoming a competitive applicant to any health professional school is a process that builds over time. Here are some ways to get a head start while in high school:

1. Take the highest-level courses available to you, particularly in math and science.
2. Study to learn, not to memorize; work to develop critical thinking skills and effective study habits.
3. Learn about your desired health care career through shadowing, serving as a CNA or researching the profession thoroughly online.
4. Volunteer and serve your community to show your interest in helping and serving others.
5. Broaden your knowledge base to develop an appreciation for different ways of thinking and living through reading or interacting with those who have a different background, socioeconomic status or lifestyle.

PREPARING FOR DENTAL SCHOOL

- Earning a bachelor's degree prior to admission to dental school is highly recommended.
- There is no preferred major for pre-dental students.
- Students must complete the courses required by the dental schools to which they plan to apply and score competitively on the Dental Admissions Test (DAT).
- There is no dental school in Kansas, however, most Kansas residents accepted to the University of Missouri-Kansas City (UMKC) School of Dentistry are eligible for in-state tuition.
- Requirements at individual dental schools vary.
- Depending on the school attended, students who complete dental school will receive a Doctor of Dental Surgery (DDS) degree or a Doctor of Medicine in Dentistry (DMD) degree.

PREREQUISITE COURSES

<u>COURSE</u>		<u>HOURS</u>
ENGL 100	Expository Writing	3
ENGL 200	Expository Writing II	3
BIOL 198	Principles of Biology	4
BIOL 441	Human Body I	4
BIOL 442	Human Body II	4
OR		
KIN 360	Anatomy and Physiology	8
BIOL 450	Modern Genetics	4
BIOL 455	General Microbiology	4
BIOL 541	Cell Biology	3
CHM 210	Chemistry I	4
CHM 230	Chemistry II	4
CHM 531	Organic Chemistry	3
CHM 532	Organic Chemistry Lab	2
CHM 550	Organic Chemistry II	3
BIOCH 521	General Biochemistry	3
PHYS 113	General Physics	4
PHYS 114	General Physics II	4

RECOMMENDED COURSES

<u>COURSE</u>		<u>HOURS</u>
ACCTG 231	Accounting/Business Operations	3
ACCTG 241	Accounting/Investing/Finance	3
ART 102	Ceramics for Non-Majors	3
ART 103	Jewelry Design for Non-Majors	3
BIOL 330	Public Health Biology	3
BIOL 670	Immunology	3
COMM 322	Interpersonal Communication	3
